**Industrial Grade Software Solution for Touchscreens**

My-T-Touch interfaces within the Windows environment seamlessly, allowing any Touchscreen to completely eliminate the need for a physical keyboard. My-T-Touch On-Screen Keyboards and panels enhance ALL applications by providing a powerful set of utilities that can be used in all graphics modes & hardware configurations, completing the touchscreen user-interface.

**Advanced Features**

My-T-Touch includes features such as the Network Logon Module and a password protected Supervisor / Operator mode to secure configurations. The Virtual Keyboard Interface allows complete operation within the Windows environment from a Touchscreen!

**Unlimited Macro Panels**

Unlimited Macro Panels can be created for any task, providing flexibility and ease of use. A single Click can replace hundreds of Keystrokes, allowing Users to replace repetitive tasks, and complete complex functions with a single action. The Visual aspect of My-T-Touch macros make them intuitive to new users and advanced users alike. Macro panels can even launch applications, or automatically open when you open your favorite application!

- "Excellent Software," "Easy to use," "I Love It!," "Thanks!," "Cool!," "Great!," "High Quality" *My-T-Touch Users*
- "I can see it would become indispensable for many kinds of Windows work." *Brian Livingston, InfoWorld*

**The World's Premier On-Screen Keyboard!**

The Keyboard panel supports over 65 countries with 200+ layouts, including QWERTY, ABC, DVORAK, International, and custom layouts created with IMG's Build-A-Board. My-T-Touch provides a powerful solution for all commercial, consumer, industrial, educational, and institutional needs. The "Heads-up Display" concept keeps the user's focus on the screen at all times. Edit, Numeric, and Macro Panels are also selectable as individual panels.

**User Interface Enhancement**
